6.2.7.11. Price Forecast

Domestic and Export Market Intelligence Cell (DEMIC) functioning in the Directorate of Centre for Agricultural and Rural Development Studies (CARDS), generate and disseminate price forecasts for major agricultural and horticultural crops grown by farmers in the Irrigated Agriculture Modernization Project (TN-IAMP) basins of Tamil Nadu. Under this scheme, price forecasts for 14 major crops viz., cereals, pulses, oilseeds, fibre crops, fruits, vegetables, spices and condiments are disseminated to the farmers. The market advisories are given well before sowing and before harvest of these crops, which help farmers to take appropriate sowing and selling/storing decisions on a scientific basis. These advisories are disseminated through print and electronic media well in time. In 2022-23, DEMIC has provided 17 pre-sowing market advisories and 19 pre harvest advisories.
